DIGEST OF HB 1813 (Updated April 4, 2001 5:16 PM - DI 98)

**Citations Affected:** Numerous provisions throughout the Indiana code.

**Synopsis:** Mental health. Changes the name of the division of mental health to the division of mental health and addiction. (b) If the official in charge of the facility or program to which the offender is assigned determines that emergency care and treatment in the division of mental health **and addiction** or a mental health facility is necessary to control a mentally ill offender who is either gravely disabled or dangerous, that offender may be involuntarily transferred, subject to the approval of the director of the division of mental health **and addiction**, before holding the hearing described in subsection (a)(3). However, this subsection does not deprive the offender of his right to a hearing.

(c) The official in charge of the division of mental health **and addiction** or facility to which an offender is transferred under this section must give the offender a semiannual written report, based on a psychiatrist's examination, concerning his mental condition and the need for continued care and treatment in the division of mental health **and addiction** or facility. The hearing must comply with the minimum standards established by subsection (a)(3). The division of mental health **and addiction** or facility to which the offender is transferred under this section may conduct a hearing under this subsection upon its initiative.

(d) If the division of mental health **and addiction** or facility to which an offender is transferred under this section determines that the offender no longer needs care and treatment in the division of mental health **and addiction** or facility, the division of mental health **and addiction** or facility shall return the offender to the custody of the department of correction, and the department of correction shall

 31 on a reasonable cost related basis, with a growth of profit factor, as  
 32 determined in accordance with generally accepted accounting
